Greater Hope – Hebrews 10:1-4 – Feb. 10, 2019

- How does God's Law only have a "shadow" of the good things to come?

What are "the good things to come"? How do we experience them now?
What good things will we experience when Jesus returns in glory?

- If we're not under law but grace, what role does God's Law still have for us as believers?
- How does the greater hope we have in Christ change the way we look at our sin? How does it change the way we think of confession?
- In what ways do you struggle to believe that Jesus really has taken away all your sin? What do you need to hear from God about the hope you have in Christ's once-for-all sacrifice?
- How can you remind yourself of the "good things" you have in Christ this week and live out the greater hope you have?
