

Sermon Discussion Questions

Growth in the Grind // Philippians 1:12-18

- Pastor Jeff talked about God's providence (God is in control and he is carrying out his plans for us and everything). When have you seen God's providence work out in ways you didn't understand at the time?
- How are you tempted to interpret God's character based on your circumstances?
- What do you know of God's character that should interpret your circumstances?
- What would you give up in order to have more of Jesus?
- How have you grown closer to God through trials?
- How have you seen God use your faith in him to grow the gospel?
- Losses are like the "negative space" in a design. What do you tend to fill the negative space in your heart with?
- How have you experienced God as the "focal point" in suffering or trials?
- Remind yourself God is in charge and he is good. Grow close to him as you trust in his providence, and rejoice that God spreads the gospel through your trial.
