

What do you do?

It's a summer camp, and one of our primary responsibilities is to help kids learn to speak English as we share the love of Christ with them. The campers range in age from 9 – 18 and some come from Christian backgrounds while others do not. The camp is a typical summer camp – games, swimming, evening activities, workshops, and of course, English class! The camp is in the mountains and is absolutely beautiful! Our team partners with the YFC (or JPC) team to run the camp, and our team will be responsible for planning and leading the evening activities and games throughout the week. What exactly our jobs will be depends on several factors, but typically we serve as counselors, lifeguards, dishwashers, conversation partners, cheerleaders, and small group leaders.

You do not have to speak Spanish to attend, although it is a valuable skill. We're also looking for people with a wide variety of other skills, including people great at relationship building, serving behind the scenes, leading games and generally being "hype," party planning, drawing out quieter kids, and teaching English or patiently speaking English in conversation.

We do want to be honest about what the time will be like – it's a lot of being "on" with very little rest or alone time. It requires that you take initiative in planning, relationship-building, and being a team player. It's often frustrating and your patience will likely be tested. You'll be tired, and you'll have to push through it. Because of this, it's an incredible opportunity to lean on God's power and on each other. We pray constantly, support each other as a team, and navigate challenges together. We've seen God answer prayers in incredible ways, and we've had significant experiences of the Holy Spirit working in powerful ways we don't always get to experience in our everyday lives.
